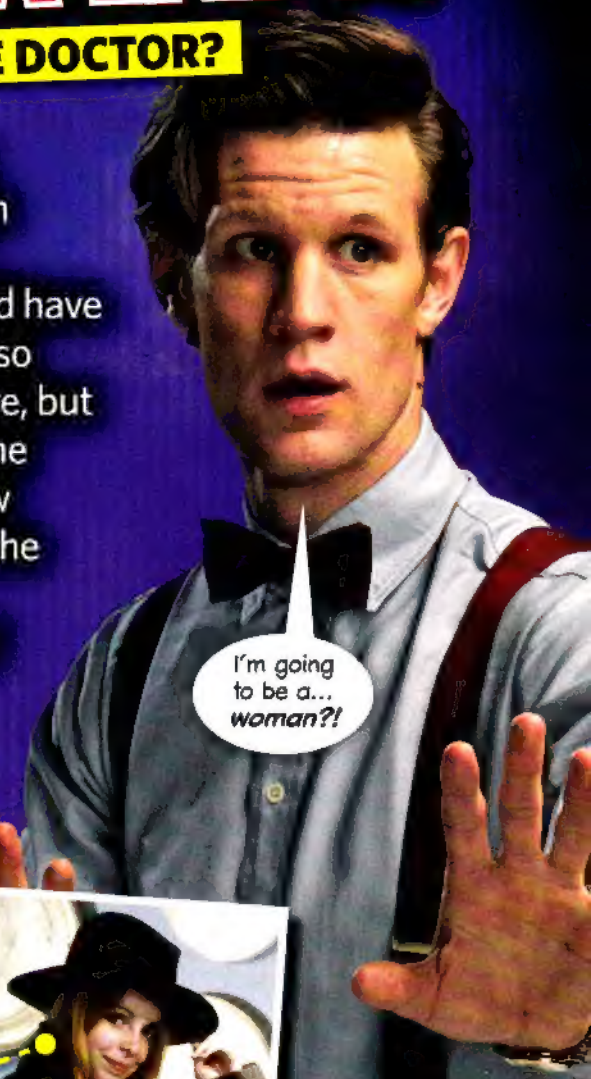
TIME FOR A LADY?

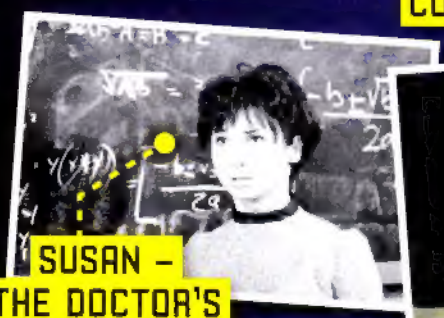
WILL THERE BE A FEMALE DOCTOR?

Matt Smith got *Doctor Who* fans thinking during a recent television interview, when he spoke about a **female Doctor**. "I think we could have a woman," said Matt. "There are so many fabulous actresses out there, but I don't think it will happen any time soon." We have already met a few **Time Ladies**, such as Susan and the Rani. In *The Doctor's Wife*, the Doctor spoke of fellow Time Lord the Corsair, and how he was female during one incarnation. Could it happen to the Doctor?



THE RANI – EVIL SCIENTIST

ROMANA – COOL COMPANION



SUSAN – THE DOCTOR'S GRANDDAUGHTER

RIVER – HAS TIME LORD AND HUMAN DNA

MONSTER COMPANIONS!

This week: Solomon's robot

The Doctor's verdict:
Which of Solomon's robots? The angry one or the miserable one? No to either or both or any! Even if they have a proper polish, those metal moaners have no place aboard my TARDIS.

Email your ideas for monster companions to dwa@bbc.com. We'll make sure the Doctor answers the very silliest ones.

THIS WEEK IN WHO HISTORY...

ACTION HERO!

THE DOCTOR IS THE UNIVERSE'S NUMBER ONE HERO. HERE ARE HIS BRAVEST MOMENTS FROM SERIES 7!

EP 1 Asylum of the Daleks

The sight of just one Dalek is enough to make most people scream and jump behind their sofa. Imagine an **entire Parliament** of them. Then imagine being their number one enemy! The Doctor was sure they'd **exterminate** him on the spot but he faced them without fear!

EP 2 Dinosaurs on a Spaceship

Some would call it barmy, others pure genius – when the Doctor was being chased by Solomon's robots, he saw Tricey as a handy getaway vehicle and leapt on the dinosaur's back. We want to **ride a dinosaur,** too!

EP 3 A Town Called Mercy

The odds looked stacked against the Doctor when he faced the **Gunslinger** for a showdown. The cyborg cowboy was equipped with a massive laser cannon and the Doctor only had a small pistol and a screwdriver! Luckily he was faster than his foe and the sonic blast put the Gunslinger off his aim!

EP 4 The Power of Three

The Doctor's curiosity can sometimes lead him into danger. When **mysterious cubes** all over the world began to count down to zero, he locked himself into an observation room with one. It could have been a bomb for all he knew! Nuts!

EP 5 The Angels Take Manhattan

When Rory was zapped back into the past, the Doctor took a huge risk to rescue him. He flew the TARDIS back to 1938 even though the city was full of **time distortions**. It was like landing in a blizzard! One nano-second out and the engines would have phased and shattered the planet. But he made it! Woo!

TIME TO MEET RORY'S DAD, BRIAN WILLIAMS

BRIAN HELPED STUDY THE STRANGE CUBES!

WHO IS HE?

Brian Williams is Rory's dad, which makes him River Song's **grandad**! Even though he isn't a Pond, the Doctor calls him **Brian Pond**!

A DINOSAUR LICK!

HIS BEST BIT

Brian got a sloppy lick off **Tricey** when he removed some **grassy golf balls** from his pocket.

DOCTOR ENCOUNTER

The Doctor materialised the **TARDIS** around Brian when he was with Amy and Rory. The **Doctor** then accused him of **sneaking** aboard!

"WHAT SORT OF A MAN DOESN'T CARRY A TROWEL?"

TRUE OR FALSE?

Brian has visited Siluria!

TRUE FALSE

TRUE! After meeting the Doctor, Brian did some serious travelling – including the planet Siluria.

Young ape Amy figured out how to work the Silurian ship's database. And to think, I nearly chopped her up for the sake of science! Tee-hee!

There were originally 50 species of dinosaur loaded onto the Silurian space ark.

If there is anything more pleasing than a group of screaming, running humanoid mammals, then I am yet to see it. What a flap – just my little joke!

ELVIS
Must be someone around here up for a chat. Seems a bit on the quiet side tonight though!
...and I'm talking to myself again. Silly old Doctor.

I wonder what is going on? Everywhere is *shut!*
CLOSED

Hello! I'm the Doctor. I'm looking for *somewhere* to have dinner.
What a coincidence. I'm looking for *someone* to *have* for dinner! Are you *hungry*, Doctor?

SLURP
Because I am!

D'you know, I suddenly seem to have *lost my appetite*. Oh, is that the time? I really should be *making a move!*
Is this the Doctor, Mistress Zof'lya? I ho for a *little more me* on those bones.
According to my files, his shape changes, but his *calorific conten* remains broadly consistent. Prepare the *marinade*, and prime the *fission baster*...

Prepare to feast, my Morphused friends. Grub's up!

He's getting *away!*

Excellent. I *love it* when they run. The extra salt tingles on my taste buds.

After him!

I need some *heavyweight help* here, and I know just where to find it. Time to *lose* myself in a crowd.

BACK AT THE STADIUM...

Fans! I love fans! And *Elvis* has enough of them to give me some *perfect cover.*

Excuse me. Coming through. Sorry, *no autographs.* OK, just the one.

THE DOCTOR RACES TO THE BACKSTAGE AREA...

Hey, you can't go in there! That's *the King's* dressing room!

Don't worry. We're *old friends.* By the way, there are some pasty looking autograph hunters right behind me. *Don't let them in!*

THE DOCTOR QUICKLY LOCKS THE DOOR...

VREEEEEEE

Elvis, my old mucker, or should I say *Derek?* How are you?

Doctor...?! I can explain everything...!

No time for that. I need your *help.*

Honestly, I'd never have taken this gig on, only the fee they offered was...
No time for that! There's a bunch of hungry alien chefs outside, and I'm their dish of the day. Unless you want to be dessert, you'd better call your spaceship!
MEANWHILE, JUST OUTSIDE...
I'm sorry, madam. This area is out of bounds... Argh!
Eat him, and get this door open.

At last, Doctor. I thought the opportunity to dine on a true-born Gallifreyan had long since passed.
Sorry, but this Gallifreyan is off. Literally. Elvis, activate the teleport!

SUDDENLY, ZOF'IYA AND THE MORPHUSE FIND THEMSELVES BEHIND BARS...
What?! What is this place?
My friend Derek's spaceship tour bus. He's the best Elvis tribute a in the cosmos. I'm a big fan.
I had them clean out the Drashig cage ahead of your arrival. You would want to end up a something else lunch now, would you?
Curse you, Doctor!

DOCTOR, DOCTOR!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR

BOW TIE QUERY

Dear Doctor,

How many bow ties do you have in your really big wardrobe?

Anna Lugar

THE DOCTOR REPLIES:

Well, Anna, I did once have the biggest bow tie collection in the history of everything. I left the TARDIS doors open – [illegible] stray gust of [illegible] all flew out into the Vortex. So, I tried to [illegible] them with a net and a fishing rod and a pair of chopsticks – but it was tough. Sadly, all of my bow ties drifted off through time and space and I thought I would never see them ever again, but then I got some pretty serious complaints from some rather stylish-looking aliens. I bow-tied the universe! Yowzah!

TAKE CONTROL!

Dear Doctor,

How do you work the TARDIS?

FREDDIE GORTON

THE DOCTOR REPLIES:

Well, you just have to press a button here and yank a lever there. Oh, and there's the ketchup and mustard levers and the thing that looks like a piece of bacon – wait! That is bacon. How did that get there? Has someone been eating bacon in my TARDIS? Anyway, you sort of have to have an understanding with the TARDIS. Be kind. Be polite. Be gentle. And be ready for the best adventure you have ever had. What a gal!

ZERO PANIC!

Did you hear about the Pandorica?

Dear Doctor,

How did Prisoner Zero know about the Silence and the Pandorica?

Marcus Tillsley

I blame that River Song!

THE DOCTOR REPLIES:

Prisoner Zero was a funny old sausage. It hid in a [illegible] room in Amy Pond's house for over 12 years. Boring! Did it even take a packet of mints and a book of crosswords? Anyway, [illegible] Multiform was [illegible] Maybe it came from the future or a different dimension? Or maybe it was just very, very good at guessing.
